HEALTHY SCHOOLS

CHALLENGE:

Everyone can do both challenges, but you don't have to!

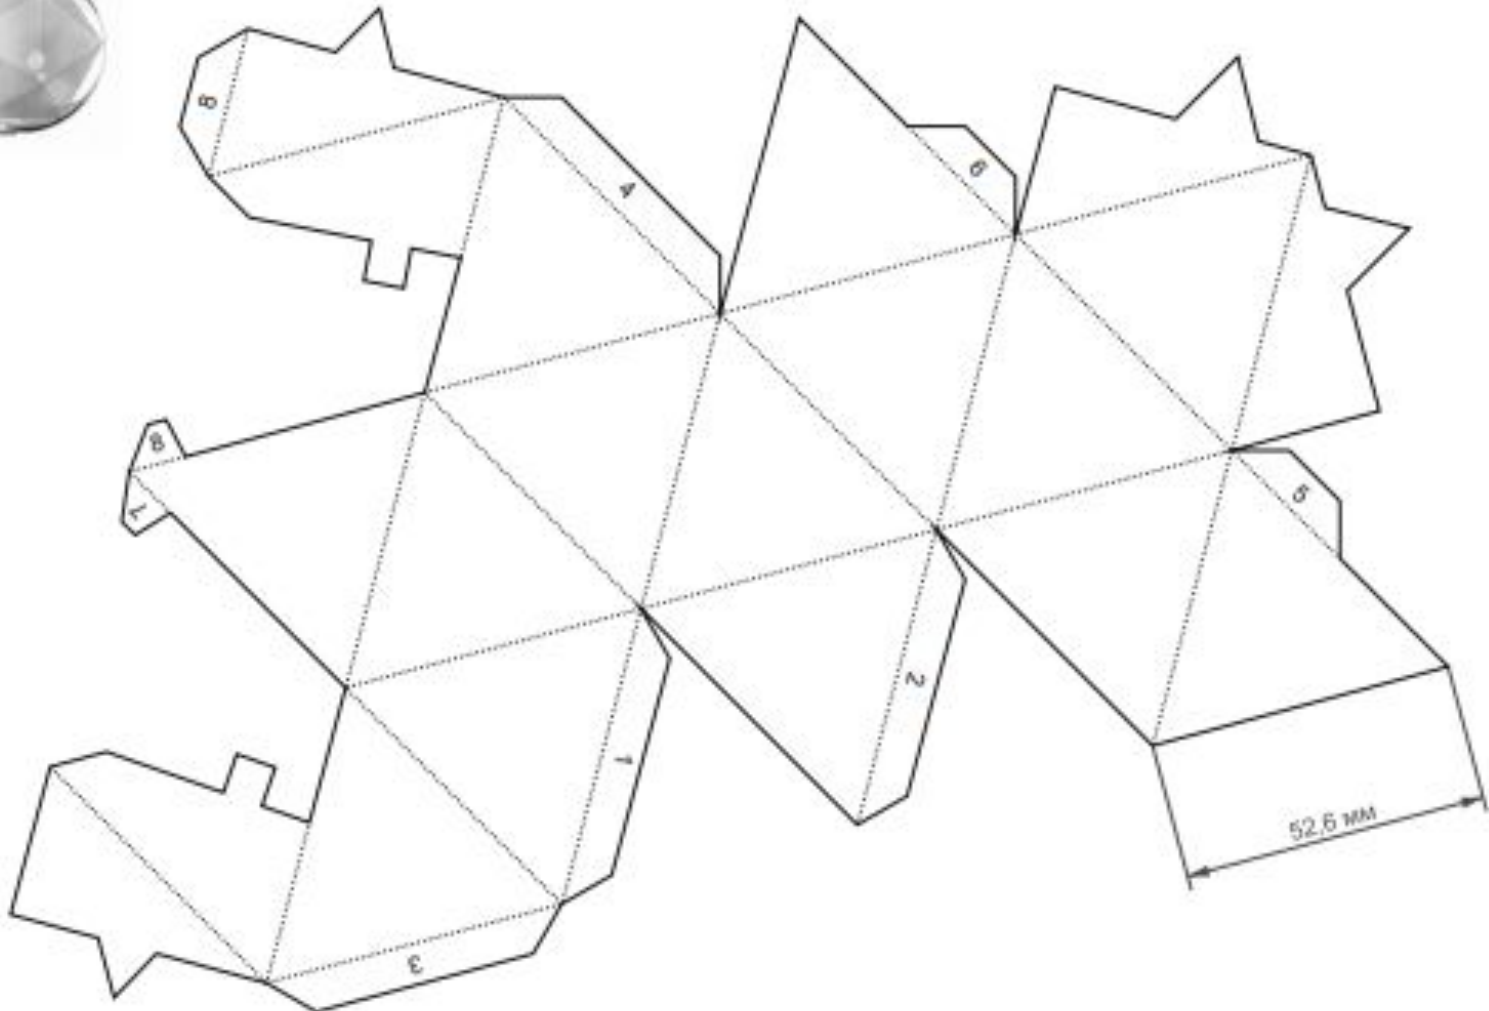

KS3 - Follow the instructions on the PPT to create yourself a halloween pumpkin out of card.

KS4 & KS5 - Stop and spend some time this week on self-care. Do something nice for yourself!

CRAFT
TIME

OR

Your first job is to cut out the template.

Follow the instructions in the PPT to help you complete the task.

You might need to carry on after registration.

Step 1: The Icosahedron Assembly Diagram

For convenience, the fold lines can be drawn with a ballpoint pen. This will make the fold lines more precise.

Cut the shape net with ordinary scissors along the contour.

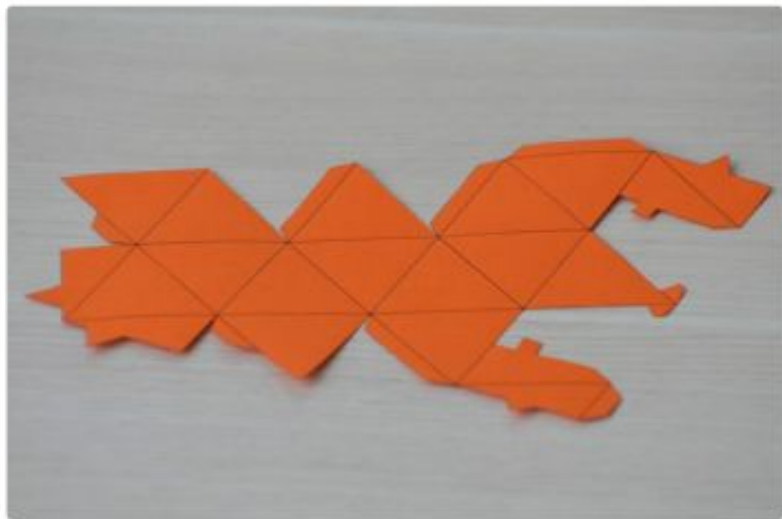

Bend all the elements of the net along the fold lines.

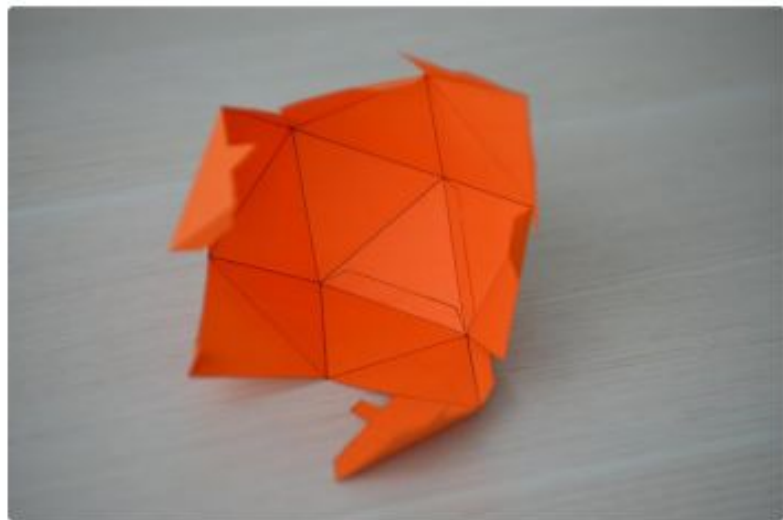

The fold should be done inward.

The process of gluing the net is straightforward.

The petals are marked with numbers indicating the gluing sequence.

Use the following pictures as your guide...
