

Year 8 French - Curriculum Overview and KS3 Progress Descriptors

Aims and Rationale

The aims and rationale of the curriculum in Years 7- 9 for both French and Spanish are:

- 1) To consolidate and extend language introduced at KS1 - 2.
- 2) To enable students to be confident at communicating in three time frames.
- 3) To enable students to communicate key information about themselves and their immediate frame of reference whilst developing an awareness of wider / global issues through the taught language.
- 4) To enable students to be confident in the four key skills of MFL learning (Listening, Reading, Speaking, Writing).
- 5) To develop a cultural awareness linked to aspects of the TL country.
- 6) To instil in students an awareness of the importance of learning a foreign language and of the relevant life skills associated with it.
- 7) To enable students to begin developing the skills required for studying a foreign language at GCSE level and beyond.

How we assess at Key Stage 3

At Hitchin Girls' School our curriculum is our progress model. Students benefit from a broad, diverse and challenging curriculum which increases in difficulty and challenge as students progress through the school. The expectation is that all students meet our curriculum at their relevant age range and as such meet the minimum of the secure descriptors below. Those working at an advancing level are working above, while those excelling are consistently working at a level far above their age range.
