

Your Health and Social Journey

Further & Higher Education

Health and Social Care is an excellent foundation at KS5 to take you on to a huge range of degrees in the Health and Social Care sector, such as Midwifery, Social Work, Nursing, Childhood Studies, and Teaching.

Careers

As Health and Social Care involves developing the knowledge and skills to work effectively with other people, it is a brilliant foundation for any career. However, as a vocational qualification it can lead you directly to a career in the sector, such as being a midwife, teacher, social worker or nurse.
