

Hitchin Girls' School Careers Education and Guidance

Employers

Working with employers and training providers is an important component of our careers programme. This work is key in inspiring students, and enabling them to learn about the world of work, and to make good, informed decisions about their career choices.

We are always looking for new opportunities for our students. If you could offer support for our careers programme we would love to hear from you. Some of the ways you could help us are:

- Having a stand at our exciting Careers Fair. This happens in October/November and is a good opportunity for students to find out about different careers they are interested in, and to speak to local and national employers, colleges, training providers and universities. This is always a very enjoyable event for all attendees.
- Getting involved with our Year 8 Take Your Child To Work Day. This happens in the Spring Term and children get to experience a workday with their parents. Those who do not go to a parent's workplace participate in a Careers Day within school. Could you provide interview practice to students, deliver a presentation or talk to our students about your experience in work?
- Speaking at one of our regular Sixth Form talks
- Speaking at our school assemblies

If you are able to help us in any way please contact careers@hgs.herts.sch.uk

Thank you.
