EXTRA CURRICULAR ACTIVITY - MORE INFORMATION

Architecture Club - YR 9	A group which will be led by A-Level and GCSE students for budding YR 9 Architects. Students will be using 3D Modelling software, Sketching and Making to create High quality models and learn about what it takes to be an architect.
Arts Award	Arts Award is an accredited qualification with a structure similar to The Duke of Edinburgh Award. Students can complete Bronze, Silver or Gold Awards. We will be offering Bronze initially, leading to Silver potentially later in the year.
Badminton Club	Open to all abilities/experience - a chance to learn basic and more advanced skills, as well as the rules and tactics of badminton. There will be some drills and lots of match play and tournaments.
Basketball club	Open to all abilities/experience - a chance to learn basic and more advanced skills, as well as the rules and tactics of basketball. There will be some drills and lots of match play and tournaments.
Biology - Year 13 Drop in	For students who require extra support for A level Biology
Biology Olympiad Training	After school sessions for any biology students who want to enter the British Biology Olympiad competitions this year, where we will cover challenging content and practice solving past problems.
Biology Society	Various Biology based sessions run by and designed by Year 12 Biologists including competitions, dissections, films, games and other activities.
Chemistry Cafe	Extra Guidance session for KS5 Chemists
Chess Club	Chess club for anyone from beginners up to Grand Masters
Dance - Year 7	You will explore a variety of dance styles in the first half term, then work on creating a performance piece which will be performed in the annual Gym and Dance display.

Dance - Senior	An opportunity to develop contemporary based dance skills as well as some advanced contact work. You will work to create two performance pieces, which will be performed in the annual Gym and Dance display.
District fixtures	We will have hockey, netball and football fixtures locally (North Herts and Stevenage). We will take you by minibus or staff car (two or more students if transported by car) to the fixture, and students will need to be picked up at the end of the fixture. We will put the fixture information (location and finish time, etc) and team list up in the Sports Hall by the staff office a week in advance. Students will need to check the board regularly if they attend a club, and tick or cross to indicate whether they can make the fixture. Reserves will also need to indicate availability and will be asked to play if someone else can't. We aim for all students to play in a fixture or tournament if they attend a club regularly.
Drama Club - Junior	A general drama club run by Y12 A Level Drama students.
English Literature and Language A Level Enrichment and Study Group (B Week only)	A place to read and discuss literature to support and enhance your A Level learning. EXAMPLE DESCRIPTORS
Fitness suite/fitness club	You will have an induction so that you can use the fitness suite. You can work on a variety of cardio machines (running machine, cross trainer, bike and rowing machine), as well as use small hand weights and mats for body weight exercises. You can move around machines at your own pace or ask staff to help create a training programme to follow.
Food Club	Opportunity to take part in some practical food activities and quizzes
Food Skills Club - KS4	Students have the opportunity to hone and improve their finishing and decorative skills for their cakes, bakes, plates and more! They will also have the opportunity to try some complex elements and dishes that will aid them when cooking.
Football club	Open to all abilities/experience - a chance to learn basic and more advanced skills, rules, set plays and tactics of football within drills and extended match play. We will prepare for matches against other schools.
Geography GCSE Revision	An opportunity to work on revising content and exam technique, supported by Year 12 learning champions. Bring your CGP book to complete.
Graphics Coursework Catch Up Session YR 11 & 13	A chance for YR 11 & YR 13 students to catch up with any outstanding coursework.

Updated 12.1.23

Greek - Beginners or Intermediate	An opportunity to learn a new language or continue to develop your existing skills
Gym - Advanced	An opportunity to develop advanced gymnastics skills, including complex group balances and the use of equipment. You will work to create two performance pieces, which will be performed in the annual Gym and Dance display.
Gym - Year 7	You will explore a variety of gymnastic skills in the first half term, then work on creating a performance piece which will be performed in the annual Gym and Dance display.
History GCSE Support/ catch up/ assistance with the course	A chance to get help and support with anything to do with the History GCSE course
Hockey club	Open to all abilities/experience - a chance to learn basic and more advanced skills, as well as the rules, set plays and tactics of hockey within drills and extended match play. We will prepare for matches against other schools. *In September this will be on the school top pitch. From October you will change at HGS then walk together to Blue Herts AstroTurf. Parents will be emailed about this, and a sixth form student will accompany you as you walk down there.
Holding Nothing Back	This will be a youth alpha course where students can safely ask big, deep questions about the nature of God,
Inter Gym	You will explore a variety of gymnastic skills, including use of equipment in the first half term, then work on creating a performance piece which will be performed in the annual Gym and Dance display.
Inter-house League	Each form will participate in the inter-house league which goes towards the House Cup. There will be an initial round (where four forms play against each other in one lunch time, and a finals round to play for positions 1-8. Each form (Sports Prefect) will be responsible for organising a team to play in the inter-house league matches for both the rounds and finals week.
Intersectional Feminist Discussion Group	A space to discuss intersectional and topical facets of feminism such as representation in the media industry, politics, literature and art.
Junior Classics Society	Games, activities, craft, drama, mysteries and so much more based on various civilisations of the ancient world.

Junior Dance	An opportunity to develop contemporary based dance skills as well as some contact work. You will work to create two performance pieces, which will be performed in the annual Gym and Dance display.
LGBT Club (A week only)	A supportive and welcoming environment
Library	Anyone who loves books and reading is welcome. We play fun games - book charades, one minute book challenge - shadow book awards, visit bookshops, decorate our library corner and much more.
Maths Team Challenge	Fun puzzles and maths team tasks for eager mathematicians, hopefully culminating in Maths Team Challenge competitions.
Maths Surgery	Drop in session for anyone to get help with maths classwork/homework
Maths Surgery - 6th Form	Drop in session for any A-level student requiring help with Maths / Further Maths
Media Club - KS3	A media production club using chrome books and cameras to create a range of media products: podcasts, film posters, news reports...
MFL Film Club	French and Spanish Film Club for KS3 students. Student may bring a packed lunch to eat
Netball club	Open to all abilities/experience - a chance to learn basic and more advanced skills, as well as the rules, set plays and tactics of netball within drills and extended match play. We will prepare for matches against other schools.
Photography Club	Photography club gives KS3 students the opportunity to develop their interest and skills in photography across a range of subjects and activities. *** Starts in the second half of the year after the February half term. this is due to light after school ***
Poetry club - A-level	Creating a poetry magazine of reader responses to poetry and creative work.
Project Polyglot	Year 10s will learn how to teach language lessons with a final project of creating two French/Spanish lessons for primary school pupils. They will eventually be able to go to local partner primary schools to teach the grammar lessons they have prepared themselves, supervised by SBE and HCL.
Science Club	Students will experience exciting experiments/demonstrations not always taught in the normal curriculum.

Updated 12.1.23

Street Dance	An opportunity to develop street-based dance skills and work on creating a performance piece, which will be performed in the annual Gym and Dance display.
Trampoline club	An opportunity to try trampolining for the first time, or build on skills you already know. You will work to learn and improve skills from basic shapes to somersaults, and put these into a routine.
